

COVID-19 SCHOOL CLOSINGS

## Distance Learning For STEMscopes Customers

As districts and campuses evaluate their school environments in response to the COVID-19 outbreak, we want to ensure that all STEMscopes users are fully supported during this uncertain time. Whether in the classroom or from home, teachers and students can access our digital curriculum. In the event that your campus is closed, you can assign student activities online for them to complete from home. Students can access these assignments from any device with a web browser. All assignable resources are indicated by a blue S throughout our digital platform.

| Explain ▾   | Elaborate ▾ | Evaluate ▾ | Intervention ▾ |
|---|-------------|------------|----------------|
| <b>S</b> Picture Vocabulary   |             |            |                |
| <b>T</b> Linking Literacy   |             |            |                |
| <b>S</b> STEMscopedia   |             |            |                |
| <b>T</b> Communicate Science – Creative Public Service Announcement |             |            |                |
| <b>S</b> Concept Review Game  |             |            |                |
| <b>S</b> Science Rock – Environments                                |             |            |                |
| <b>S</b> Content Connections Video – Overfishing                    |             |            |                |
| <b>S</b> Content Connections Video – Overusing Resources            |             |            |                |
| <b>S</b> Content Connections Video – Humans on Earth                |             |            |                |
| <b>S</b> Content Connections Video – Environmental Awareness        |             |            |                |
| <b>S</b> Content Connections Video – Environmental Changes          |             |            |                |

*You can also print the PDF versions of our student activities to send home with students who do not have internet access.*

If you are new to our online assignment feature, we've included several helpful links to get you started. Additionally, these instructions are available in the Help section of the curriculum, located in the blue bar menu at the top of your screen. You can also register for one of our Distance Learning webinars, where we will show you how to support your students remotely.

Register for one of our Distance Learning webinars, and we'll show you how to support your students from home.
